

Review Workload Allocation (Job Aid 13)

Overview

Store Directors/Schedule Writers may view workload allocation and can request changes for unique store events **prior** to writing a schedule. Once a schedule is written, workload cannot be adjusted and you can compare targeted workload versus scheduled workload.

Process

This job aid will walk through reviewing workload allocation in the Scheduler tab. **From the main menu:**

Review Workload Allocation (continued)

5. You need to be on the **View Graph** screen. You can toggle between **Visualizer** and **Graph** by clicking the alternating icons

If viewing **Visualizer**, click the **View Graph** icon to change the view to the graph from the secondary toolbar.

6. View the graph to assess the targeted workload.

Use the scrollbar to move the graph to different days.

Legend:

□ **Red**: Targeted workload

Click Visualizer icon to return to the previous screen

Review Workload Allocation (continued)

The Visualizer will display:

- Scheduled Workload
- Targeted Workload
- Over/Under Workload (Displayed in Red)

Each number represents an employee labor need.
