

Adding a Job Transfer in a Shift

Overview

Employees who are qualified to work in another department or job role other than the primary department/job can be scheduled to perform additional functions or roles in any given shift. Job transfers may consist of multiple shifts in other departments or job roles and start/end times.

Process

Before adding a Job Transfer in any employee shift, make sure that the secondary job roles are correct (*refer to the Adding Secondary Job for details*) and that shifts have been entered for the employee for the week. In this scenario, Marco Robles, a full time Bookkeeper will also be scheduled (transferred) to cover the Service Center on Sunday and Tuesday. Below are the details of his current schedule:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
6a-2p	OFF	6a-2p	6a-2p	6a-2p	6a-2p	OFF

From the main screen:

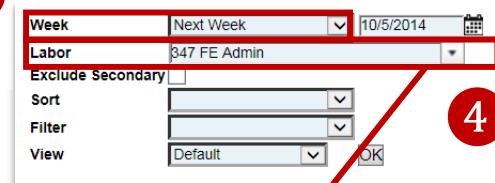

1. Go to the **Scheduler** tab.

2. Select the **Filter** icon to change the settings. A selection window will appear.

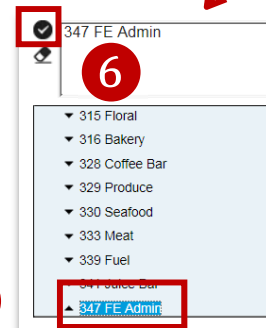

3. Select the correct **Week** (Next Week) by clicking the drop down arrow.

4. Click on the drop down arrow in the **Labor** field. A selection window will appear.

Note: This field should be blank. If you see another department on the Labor field, highlight the department name and click on the Erase icon

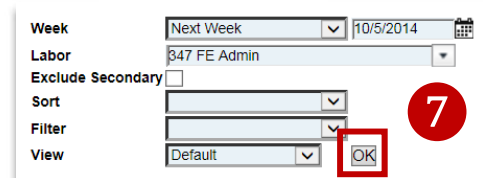

5. Double-click the desired department (FE Admin).

6. Click the **Accept Checkmark** icon.

7. Select **OK**. This will return you to the previous screen.

Adding a Job Transfer in a Shift (continued)

- Locate the employee on the scheduler grid and highlight by clicking on any shift cell.
- Right-click on the shift cell and select Edit Schedule Week. The employee's detailed schedule for the week will appear.

Name	Primary Labor	Sch Hrs	Est. Benefit T	Sat 10/4/2014	Sun 10/5/2014	Mon 10/6/2014	Tue 10/7/2014	Wed 10/8/2014	Thu 10/9/2014	Fri 10/10/2014

Schedule Coverage				0	100	0	100	0	0	0

For the first job transfer, the employee will cover the Service Center from 12p to 1p. The rest of the shift, the employee will perform the Primary Job Role (Bookkeeper).

- Go to the row where the first job transfer will occur and click inside the **Transfer** cell. (Sunday 6a-2p)

Transfer	Date	Schedule	Transfer	Site	Job
12	10/5/2014 Sun	6:00a-2:00p	12:00p		347 FE Admin. Service Center

- Enter the time when the employee will switch to the next job role. (12p)

- Click inside the cell under the **Job** column.

Job
347 FE Admin. Service Center

- Select the job role (Service Center) that the employee will transfer to using the drop down arrow.
Next, you will need to return the employee to the Primary job role (Bookkeeper) for the rest of the shift (1p to 2p).

347 FE Admin. Bookkeeper
347 FE Admin. Service Center
349 Indirect. Indirect
349 Indirect. Jury Duty
352 Training. Training

- Click the **Add** row icon next to the day of the job transfer (Sunday). A new row will appear.

Date	Schedule	Transfer	Site	Job	Task Name	Task Start-End	Meal
10/5/2014 Sun	6:00a-2:00p	12:00p		347 FE Admin. Service Center			9:30a - 10:30a
10/5/2014 Sun							

- Click inside the **Transfer** column and enter the start time (13 = 1pm) when the employee will return to the Primary Job role (Bookkeeper).

- Click inside the cell under the Job column and select the Primary Job Role from the drop down option (Bookkeeper).

Date	Schedule	Transfer	Site	Job	Task Name	Task Start-End	Meal
10/5/2014 Sun	6:00a-2:00p	12:00p		347 FE Admin. Service Center			9:30a - 10:30a
10/5/2014 Sun		13		347 FE Admin. Bookkeeper			

- Click the **Save** icon. Review and clear/override any prompts.

Adding a Job Transfer in a Shift (continued)

The next job transfer will occur on Wednesday. The employee will be scheduled to cover the Service Center for the entire shift.

18. Go to the row where another transfer occurs and click inside the **Transfer** column.

Date	Schedule	Transfer	Site	Job
10/5/2014 Sun	6:00a-2:00p	12:00p		347 FE Admin Service Center
10/5/2014 Sun		1:00p		347 FE Admin Bookkeeper
10/6/2014 Mon				
10/8/2014 Wed	6:00a-2:00p	6		347 FE Admin Service Center
10/9/2014 Thu	6:00a-2:00p			
10/10/2014 Fri	6:00a-2:00p			
10/11/2014 Sat				

19. Click inside the **Transfer** column and enter the start time (6am).

20. Click inside the cell under the **Job** column.

Job

- 347 FE Admin Service Center
- 347 FE Admin Bookkeeper
- 347 FE Admin Service Center

21. Select the secondary job role (Service Center) from the drop down options.

22. Select **Save**. Review and clear/override any prompts.

Since there are no other job transfers for the day, there is no need to add another row.

23. Leave the remaining shifts for the week blank. This indicates that the employee will perform the Primary Job Role for remaining days.

24. Select the **Close** icon. This will close the Edit Shift window and return to the Scheduler page.

25. View the employee's schedule to validate the changes. When a scheduled job transfer occurs, the shift will be in blue and italicized.

6:00a-2:00p	6:00a-2:00p	6:00a-2:00p	6:00a-2:00p	6:00a-2:00p	6:00a-2:00p	
-------------	-------------	-------------	-------------	-------------	-------------	--

Non-Standard Schedule Job Transfer

Overview

As a default, all employees have these additional schedule jobs added in the Personnel tab, under the Labor table:

- Indirect
- Training

Process

The date and time of the non-standard schedule transfer must be entered manually and BEFORE the auto-schedule is ran for the week. In this scenario, Bob Smith, a 2nd Assistant Store Director will be training on-site on Tuesday from 9am to 12pm.

From the main screen:

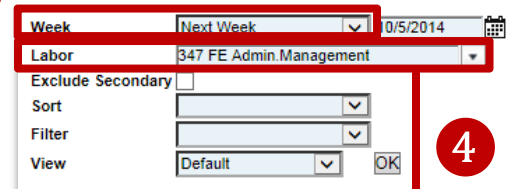

1. Go to the **Scheduler** tab.

2. Select the **Filter** icon to change the settings. A selection window will appear.

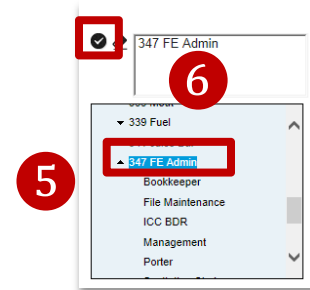

3. Select the correct **Week** (Next Week) by clicking the drop down arrow.

4. Click on the drop down arrow in the **Labor** field. A selection window will appear.

Note: This field should be blank. If you see another department on the Labor field, highlight the department name and click on the Erase icon

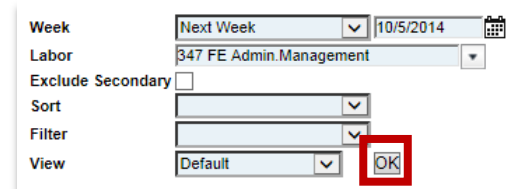

5. Double-click the desired department (FE Admin).

6. Click the **Accept Checkmark** icon.

7. Select **OK**. This will return you to the previous screen.
